Building hope through system transformation

MAY 2017 NEWSLETTER

Greetings!

To say I'm impressed with the progress of our 2016-2017 Learning Community participants is an understatement. As the post-assessment data is beginning to roll in this week, I am repeatedly "wow'ed" by the results. Many agencies have shown improvement on all seven domains of trauma-informed care, even the ones they weren't focusing on! This is the beauty of trauma-informed care work. The effects of working on one domain ripple out to other areas. Kudos to our current Learning Community Teams at the following agencies for their hard work!

Child Focus, Inc. -- Family Nurturing Center --YWCA of Greater Cincinnati-- Talbert House-- Center for Addiction Treatment-- Women's Crisis Center-- Central Clinic Behavioral Health-- BHN Alliance-- Catholic Charities Southwestern Ohio-- Greater Cincinnati Behavioral Health Services --Lighthouse Youth Services --Youth Encouragement Services-- Butler County Educational Service Center/Grant Early Learning Center-- St. Joseph Orphanage-- Positive Leaps

Join the ranks of these all-stars by joining our 2017-2018 Learning Community, **open to both schools and social service agencies**. Applications are due in less than 2 weeks.
